OpenAI-o1-mini	63.6%	90.0%	60.0%	85.2%

Recommendations for Turing Labs:

Given Turing Labs' business focus on deploying reliable AI agents for businesses:

- Deploy **DeepSeek-R1** as the main reasoning engine in use-cases focused purely on complex reasoning tasks, where language readability and safety concerns are secondary.
- For agent deployments involving sensitive or safety-critical applications, prefer **OpenAI-o3-mini**, acknowledging its superior risk mitigation and robustness in diverse scenarios.
